

Project: JISC Services - Bespoke case studies

Client: JISC
2009

QTP Ltd was contracted by JISC to develop an exciting series of case studies to highlight the good practice of the following JISC services to the Further Education sector:

- **JANET**
- **JISC Collections**
- **JISC e-Learning Team**
- **JISC Netskills**
- **UK Access Management Federation**

All of the case studies illustrate how a provider in the FE sector has overcome challenges, gained skills and improved the learning experience of its learners as a result of a relationship forged with one of the JISC service.

The case studies have been published on the Web by JISC and a hard copy publication and DVD is due to be available to the sector in October 2009.

Characteristics:

- Case study copy and editing
- Face-to-face, telephone and VC interviews
- Project management
- Partnership
- Collaboration
- Innovation
